

Urgent: Battered Women Face Deportation Hearings Tues & Wed (1/27, 1/28)

Please take the time to send a few emails, stick up for people who need support in their struggles.

Rosario Munoz

Maria Suarez

Rosario Munoz and Maria Suarez, who have been incarcerated in California for 15 and 22 years, respectively, have been approved for parole by Gov. Schwarzenegger after Gov. Davis reversed several parole board decisions for each to be released. Both are now facing deportation to Mexico, away from their support networks here in the US. Rosario was imprisoned in 1987 for accidentally killing her husband's lover, after 14 years of being abused by her husband. Maria was imprisoned in 1981 for involvement in the murder of a man who bought her for \$200 at the age of 16 and abused her for 5 years. Rosario's INS hearing is on January 27 and Maria's is on January 28.
