PICKET THE CLAREMONT

Workers at the Claremont are demanding Justice. In return, hotel management has refused to bargain fairly - the corporate vision for a 'happy holiday season'. Workers rights are violated every day at this hotel. Let's send a powerful message!

For workers throughout the Bay Area, 'tis the season to Defend Our Rights! We must resist this greedy corporate agenda collectively if we are going to win. If we all start showing up, we'll all start to win! Join Us!

AN INJURY TO ONE IS AN INJURY TO ALL!

Jobs with Justice Organizing Committee - (510) 834-9415

WE DEMAND

JUSTICE AT THE CLAREMONT

This is the 3rd holiday season the Hotel Workers have been denied a new contract, while the Right to organize by the Spa Workers remains under attack. This is 3 years too long!

According to the workers union, UNITE-HERE Local 2850:

"Approximately 300 workers and their families have been spending every holiday for 3 years fighting with the Claremont, picket lines and other job actions occur often and more are scheduled.

250 Food and Beverage workers are fighting for a fair contract, which includes affordable healthcare, fair wages and a voice on the job.

100 spa workers are fighting to be represented by their union free of coercion from the company."

We need to STOP this continuing abuse at the Claremont. as well as violations of workers rights throughout the area.

It's time to **STOP CORPORATE GREED.**

We demand Jobs with Justice and will accept nothing less! Join Us!
