

BART HATES FREE SPEECH

BART WANTS TO SILENCE DISSENT AND HIDE THE TRUTH ABOUT THEIR MURDEROUS AND UNACCOUNTABLE POLICE FORCE

It was BART PR shill Linton Johnson's idea to shut off phone service in BART stations on August 11th 2011, denying tens of thousands of BART riders access to phones and 911 for hours. Here's what he's said since:

"Now they're bitching and complaining that we turned (mobile phone antennas) off for three hours?"
- The Bay Citizen

"Inside the fare gates is a non-public forum and by law, by the Constitution, the U.S. Supreme Court, there is no right to free speech there."

- KRON4
