When you voted to support Israel's attacks on Gaza (H. Res 657 & S. Res. 498), you also voted for:

- The murder (as of 7-22-14) of over 600 Palestinians: 75% civilians including over 160 children.
- The wounding of thousands; the destruction of homes and neighborhoods; mosques; a center for the disabled; the terrorizing of tens of thousands of children.
- The dismissal of the Geneva Conventions (a document you might want to review).
- The use of U.S. tax dollars, over \$8.5 million a day, to support war crimes: targeting civilians is a war crime; bombing hospitals is a war crime; genocide is a war crime.
- The violation of international law which prohibits the use of disproportional force (F-16s & drones against unsophisticated rockets).
